01 _ About the journal

The Eurasian Journal of Medical and Natural Sciences (EJMNS) is an international academic journal established in 2021. It is published by the Innovative Academy Research Support Center. Across 6 volumes it has released 87 issues and published 3,200+ research articles. The journal fully follows the principles of the Budapest Open Access Initiative (BOAI) and is a signatory of the San Francisco Declaration on Research Assessment (DORA): manuscripts are judged on their scholarly content and quality, not on journal-level metrics. All materials are freely available to readers without restriction. The editorial office runs on an AI-assisted automated publishing platform: plagiarism screening, language editing, independent peer review, DOI registration and international indexing form a single continuous workflow.

06 _ Technical requirements

File format	Microsoft Word (.docx) only. PDFs and scans are not accepted
Font	Cambria or Times New Roman, 12 pt
Line spacing	1.15
Page	A4; margins: top/bottom — 2 cm, left — 3 cm, right — 1.5 cm
Length	At least 5 pages (5–12 recommended)
Abstract	150–200 words
Keywords	5–10
ORCID	Required for every author — as a full link
Originality	At least 70% (Copyleaks screening)

07 _ Manuscript structure

Following this order matters — it lets our automated system process your manuscript correctly. Do not change the sequence given in the template:

01	Article title	in the main language, in capital letters, on its own line
02	Author blocks	full name → affiliation → e-mail → ORCID; each on its own line
03	Scientific adviser	if any — on one line starting with “Ilmiy rahbar:”
04	Abstract and keywords	in the main language of the article only
05	Main text	INTRODUCTION → MATERIALS AND METHODS → RESULTS → DISCUSSION → CONCLUSION
06	References	APA style, numbered list
07	Information in other languages	at the very end of the article, in a separate block

08 _ Language rules

Only the main-language information appears at the beginning of the article. Translations of the title, authors and abstract into other languages go in the block “ARTICLE INFORMATION IN OTHER LANGUAGES” at the **very end** of the article:

Article language	At the beginning	In the closing block
Uzbek	Uzbek title, authors, abstract, keywords	In English and Russian
Russian	Russian title, authors, abstract, keywords	In English
English	English title, authors, abstract, keywords	In Russian

Do not change the labels (**Abstract:**, **Keywords:**, **Title:**, **Authors:**, **Название:**, **Аннотация:** etc.) — the system reads them automatically.

09 _ Author information

Each author's details are written on **separate lines**: full name on one line, affiliation on another, e-mail on another, ORCID on another. With two or more authors the blocks follow one another. **The first author is treated as the corresponding author** — there is no need to add * or any other marker to the name line:

AUTHOR 1 (CORRESPONDING)

Akbarova Nilufar Karimovna

Tashkent State University of Economics, Tashkent,
Uzbekistan

n.akbarova@example.com

ORCID: <https://orcid.org/0000-0000-0000-0001>

AUTHOR 2

Karimov Aziz Baxtiyorovich

Samarkand State University, Samarkand, Uzbekistan
a.karimov@example.com

ORCID: <https://orcid.org/0000-0000-0000-0002>

The name line carries the name only — titles, academic degrees and words such as “student” or “MA candidate” belong on the affiliation line. A scientific adviser goes on a single line: **Ilmiy rahbar: Family Name First Name, PhD, Associate Professor, Institution**

10 _ Equations, figures and tables

Equations

Typed in Word's equation editor (Insert → Equation). Equations pasted as images are not accepted. Equations referenced in the text are numbered on the right: (1).

Figures

Placed in line with text, at least 300 dpi. A centred caption goes below each figure: “Figure 1. Title”. Essential text must not be locked inside images.

Tables

Real Word tables only (not images). The caption goes above the table: “Table 1. Title”. Every table, equation and figure must be referred to in the text.

11 _ References

References follow APA (American Psychological Association) style. In-text citations use square brackets: [1], [2]; the list is numbered in the same order. **Sources in Cyrillic or Uzbek script** are supplemented with an English translation in square brackets for international indexing.

1. Karimov, A. A. (2021). Raqamli iqtisodiyot asoslari [Fundamentals of the digital economy]. Iqtisodiyot nashriyoti.
2. Иванов, П. П. (2019). Цифровая трансформация образования [Digital transformation of education]. Вестник науки, 4(2), 15–23.

12 _ Article processing charge

APC

300,000 UZS

Once the manuscript has passed the plagiarism, AI-detection, language-editing and peer-review stages, payment details are sent to the author. The charge is paid once per article and fully covers the DOI, publication, certificate and international indexing.
