is explained with new words. After teaching new words, teacher divides students into 3 mini groups and gives 3 crossword puzzles. Crossword puzzles not only make easy the process of teaching but also enhance students' ability to memorize words, encourage students' interaction, improve their communicative skills and stimulate students' motivation.

### **Word games**

There is abundance of benefits of playing word games in the classroom and they are notable. With the help of Word game, you can increase vocabulary. It means that richer one's vocabulary is, the easier it becomes to organize and express thoughts and opinions as well as interpreting and understanding what others are saying and the world in general. Learning can be active or passive in these games. Except from above mentioned factors, it improves spelling. Not knowing how to correctly spell a word is the same as not knowing the word at all. Both it enhances cognitive skills and it promotes a self-improving competition. Students can recharge their batteries as well. All word games can help relieve stress. While getting immersed in the letters and words, students can shut off negative thoughts and forget about their problems for an instant.

### **Topic discussion**

The students will choose a discussion topic (climate, family, relationship, animals). Then teacher divide students into groups. Then the group is divided into two teams. The students of each team should give sentences turn by turn. Students should use emphatic construction "it is ...that" .Then winner will tell last sentence. Students' should use their imaginations also. They will use a wide range of vocabulary. Students will recharge their batteries.

### **Team game**

Students will be divided into two groups. Teacher should prepare cards beforehand and put cards on the table and students will choose cards . First students will choose and tell it's country. Another group will tell it's language or languages. After finishing first group , then students will change their turns. Team games will create friendly atmosphere between students. It enhance understanding each other.

### **Conclusion:**

Taking all into consideration, learning a language takes a lot of effort. Games assist students in making and maintaining the effort required for learning.
